2027 EPIC CE CREDITS
All your CE questions should be answered on this page.

Although the Atlantic Provinces do not require CE credits, our credits can be used for other Provincial CE requirements that you are licensed to do business in as well as the various designations you hold.

Please note – If you hold an insurance license for another Province other than the Province where you live, please contact that Province for all the non-resident CE information requirements for that Province. The onus is on the advisor to obtain the most up-to-date CE information that pertains to them.

By attending on of these EPICs, rest assured you will receive EITHER 15 OR 30 CE credits, depending on the one you attended, and in addition, you will have 6 months to complete them.

Our CE credits are also valid for various Designation maintenance CE credit requirements, some for MFDA (click on the MFDA logo here **MFDA Courses**), IIROC, (click on the IIROC logo here **IIROC Courses**), - FP Canada (click on the FP Canada logo here **FP Canada Courses**), IFAE (Advocis) (click on the IFAE logo here **IFAE Courses**) etc.

Check this information in more detail here - **ONLINE CE Catalogue**

****
